

Number of Tracks Per Genre

The music genre of Rock has the highest number of tracks, and this is followed by Latin and Metal music genre.

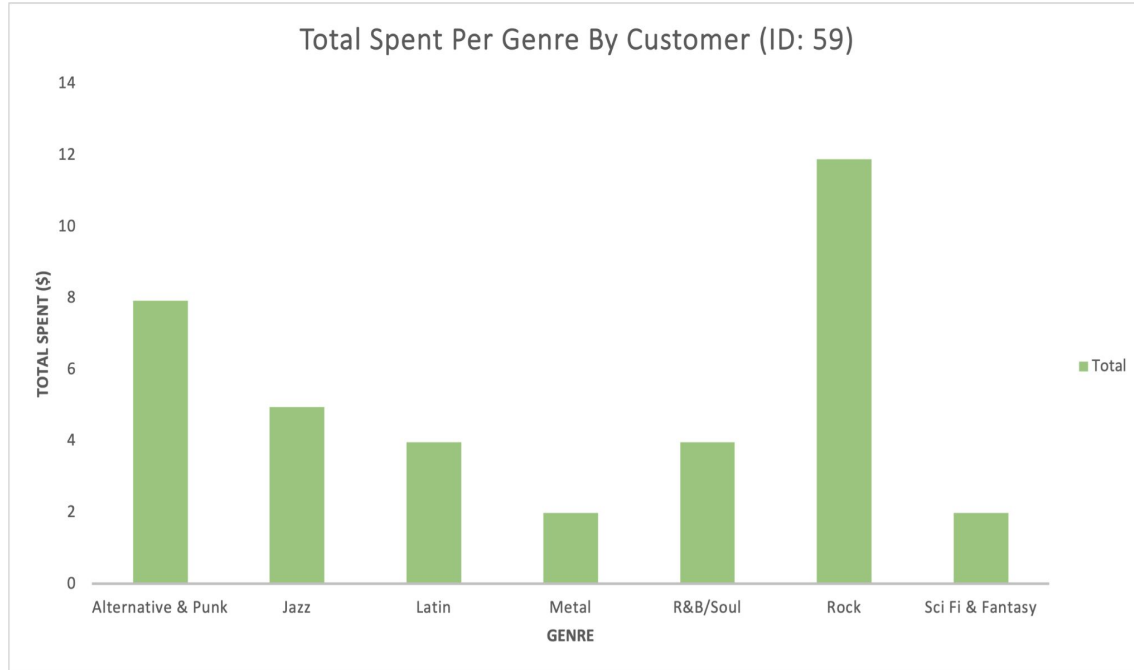

It is with shock that the Opera genre only has got 1 song to its credit.

Total Spent Per Genre

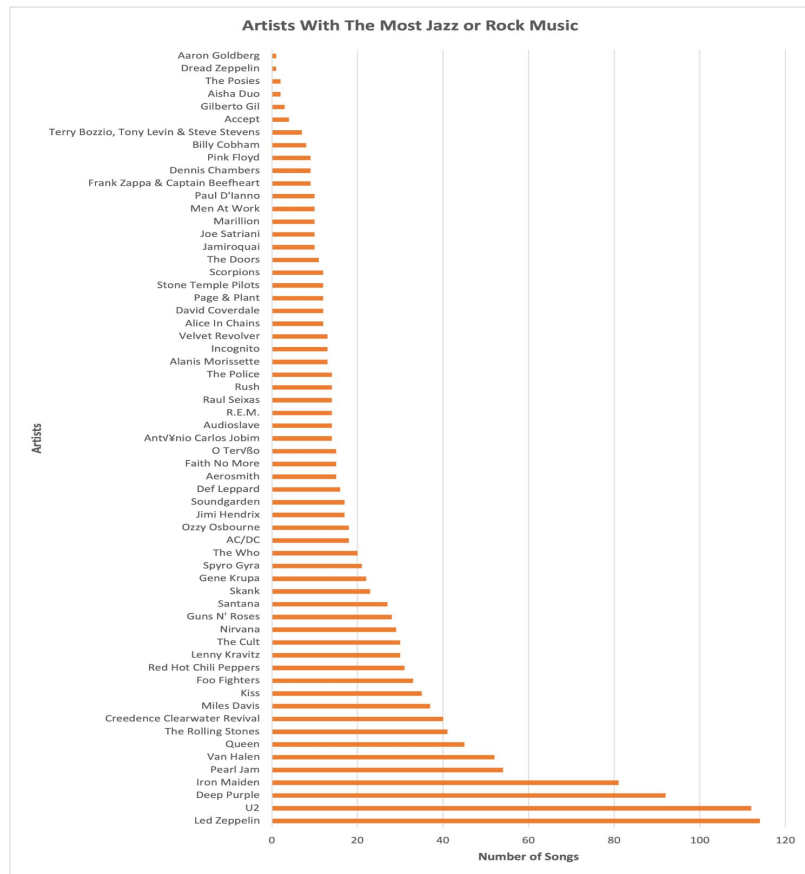

It is interesting and also not surprising to see that Rock takes the number one spot by a mile on customer spend per genre. Latin and Metal takes second and third place respectively with TV Shows coming last with respect to customer spend.

Total Spent Per Genre By Customer

Customer with ID 59 spent more on Rock. This is followed by Alternative & Punk. It is interesting to see that the least amount of money was spent on the Metal and Sci Fi & Fantasy genre.

Artists With The Most Jazz or Rock Music

Evidently, Led Zeppelin and U2 are the leading Artists with the most music in the jazz and rock category.

We can decide to invite them for any concerts or festivals as they would be well received.
